

286,000+ Rides on CB Connector!

As of December 4, more than 286,930 rides have been taken on the Cincinnati Bell Connector! There were more than 11,000 rides on the streetcar Thanksgiving weekend alone.

The Young Professionals' Choral Collective (pictured above) brought holiday cheer singing popular tunes as riders made their way around downtown and Over-the-Rhine Thanksgiving weekend. You can still catch some of their sweet sounds December 10 and 17 from 2 p.m. to 4 p.m. on the CB Connector.

Thanks for your support!

Ticket Vending Machine Changes!

You'll notice some new changes when purchasing your CB Connector passes at the ticket vending machines (TVMs).

Passes will now come automatically validated, eliminating the need to validate your ticket before boarding.

You'll also notice new height markers on the TVMs that make it easier for parents to determine if their child meets the height requirements (35 inches or less) to ride free or (35-45 inches) to ride for half fare.

If you wish to purchase unvalidated passes for future use, download them in the Cincy EZRide app or visit the Metro Sales office at 120 E. 4th St. between 7 a.m. - 5:30 p.m.

Free CB Connector Tickets!

Parking at the Town Center Garage could score you free parking tickets and free Cincinnati Bell Connector passes during Bengals home games.

Just be one of the first 100 ticket holders to park in the garage, and the Bengals will pay your parking tab and give you four **FREE** all-day Cincinnati Bell Connector passes.

Parking in the garage is discounted to \$10 during home games. The garage is located at 1251 Central parkway, and is conveniently located near two streetcar stations, 14th & Elm and 12th and Race St.

Keep the Heat In!

It's starting to feel a lot like winter outside. You can help us keep the inside of the streetcar nice and toasty this winter season.

The streetcar doors will not open automatically upon pulling into the station.

Passengers wishing to enter or exit the streetcar are asked to push the "open" button once the streetcar has safely stopped at a station. Watch this quick [video](#) on how to use the button.
