3. Explore the many restaurants, arts and businesses along the route

Cheers to 2017!

## Cincinnati Bell Connector testing real-time info screens

We're conducting final tests on the real-time info screens at each of the 18 streetcar platforms.

This will correct technical difficulties the screens have been experiencing and improve customer's experience by providing accurate next vehicle arrival info for riders waiting at

streetcar platforms.

Over the next two weeks, we'll be testing 2-3 stations at a time, beginning with 5th & Walnut, 2nd & Main and 4th & Main.

**Your help is needed!** If you detect issues or inaccuracies with the real-time screens during this time, please let us know by sending a text alert to **513-478-3163** with the location, time and information displayed on the screens.

Note: Text only, no calls please or reply tests.

## Burrrr....It's cold outside!

You can help us keep the inside of the streetcar nice and toasty this winter season.

On frigid days, the streetcar doors may not open automatically upon pulling into the station in an effort to keep passengers warm.

Riders wishing to enter or exit the streetcar are asked to push the "open" button once the streetcar has safely stopped at a station. Watch this quick [video](#) on how to use the button.

## Download the Cincy EZRide App

Encourage family, friends and guests to download the [Cincy EZRide](#) app to pay their CB Connector fare this holiday season. It's **FREE!**

There is so much to see and do along the streetcar route, so skip the lines at the ticket vending machines by downloading the [Cincy EZRide](#) app to easily pay your streetcar and Metro bus fare.

Watch this [video](#) to see how simple and convenient it is to use the app.
